Watson leases Carson property to Huffy Corp. for distribution center

By Muhammed El-Hasan Business Writer

Watson Land Co., the Carson-based developer of industrial property, said it leased a 190,000-square-foot property in Carson to bicycle company Huffy Corp.

The four-year lease, at the Watson Corporate Center, is valued at \$5.8 million.

The property will serve as Huffy's West Coast distribution center. Huffy is relocating from its existing 120,000-square-foot property within the Dominguez Technology Center, also owned by Watson.
